

Funding and Program Support for Local Companies

Windsor, ON

December 3, 2019

The following is the program as recorded live. Click the links to view the videos.

[Opening Remarks,](#)

Nadia Cornacchia (Assistant Deputy Minister, Economic Development, Job Creation and Trade)

[Funding Programs Overview and Best Practices,](#)

Nancy Creighton and Susan Anzolin (MEDJCT and WE EDC). In this video Nancy and Susan break down the process of identifying, applying for and obtaining funding from government and support agencies.

[The Imperative to Leverage Technology for Competitive Advantage,](#)

Colin Dhillon (APMA). Colin goes into the challenges faced by the automotive supply chain (and mould makers) in a rapidly changing world.

[Future Trends for Autonomous Vehicles and Mobility,](#)

George Hazel (Maas Scotland). Dr. Hazel provides valuable insight into where we are heading with autonomous vehicles and mobility.

[Digital Twinning and Virtual Reality CAVE,](#)

Peter Wawrow (St. Clair College). Peter presents the work that St. Clair College has done in collaboration with CAMM and IBLS, to benefit companies who are ready to move forward with technology adoption.

[Funding Panel](#)

Each government agency and college/university present their support and how companies can benefit from the association.

- a) [Funding Panel Introductions](#)
- b) [Vladimir Franjo \(IRAP\)](#)
- c) [Peter Wawrow \(St. Clair College\)](#)
- d) [Heather Pratt \(University of Windsor\)](#)
- e) [David Wells \(FedDev Ontario\)](#)
- f) [Dan Ruby \(OCE\)](#)
